Application: Rolled and Rigid Printing Applications
Printhead: Spectra® S-Class
Ink Type: UV Curable
Jets Per System: 4608
Printhead Features: High Quality and Exceptional Output

customer profile

Richard Codos, President

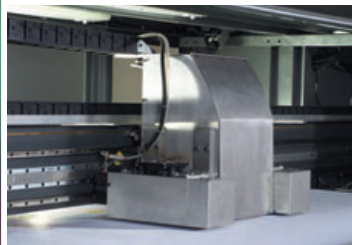

"The award winning Virtu® technology is proven in a variety of industries. Utilizing the Spectra S-Class heads has given us the benefits of high jet density, high jetting frequencies and extremely high throughput."

*Richard Codos
President of Leggett & Platt Digital Technologies*

Northeast Regional Office in Somerset, NJ

Leggett & Platt Digital Technologies is a division of Leggett & Platt. Founded as a partnership in 1883, Leggett & Platt has been manufacturing engineered products for more than a century. Today, Leggett is an industry leader – a diversified manufacturer that conceives, designs and produces a broad range of components and products. Twenty-nine business units, more than 300 facilities in 18 countries, and 32,000 employee-partners contribute to Leggett & Platt's annual sales in excess of \$4 billion.

S-Class

Leggett & Platt Digital Technologies is a full service provider of Virtu® superwide and grande format digital printing machines and systems. Leggett & Platt Digital Technologies' Virtu® provides the latest in advanced superwide and grande format printing technology – providing endless possibilities to manufacturers of a wide range of rolled and rigid products. The product line includes the VirtuMT™ (roll to roll printing to 98" wide) for textiles and home furnishings products; and the VirtuRS™/Virtu TX™ (roll to roll and rigid printing to 98" and 138" respectively) for textile and rigid products such as foam board, acrylics, corrugated, glass, wood, metal, tile and more.

Virtu®

L&P Digital Technologies is part of the L&P Machinery Group of companies ... an international market leader with more than 50 years experience in the design, manufacture, sale and service of a full range of machinery products for the mattress, home textile, automotive, aeronautical and other varied industries.
